May

Chapter 2 (continue) Measurement + Workbook

Lab Activity 2: To measure the length of a curved line.

Learning outcome –

Children will be able to –

- * Express length , mass, time, temperature and area of different things by using proper symbols.
- * Relate the temperature of an object with its hotness and coldness.
- * convert a physical quantity from one unit into other related units.

July

Lab Activity 3 : Reading a Clinical Thermometer.

Revision

I Unit Test Syllabus

Chapter 1 Matter

Term 2

July

Chapter 3 Force

August

Chapter 3 (continue) Force + Workbook

Lab Activity 4: To study the effect of force

Learning outcome –

Children will be able to –

- * Define force and its effect
- * Describe the force of friction with daily life examples.
- * Explain advantages and disadvantages of friction.

Chapter 4 Simple Machines

September

Chapter 4 (continue) Simple Machines + Workbook

Lab Activity 5: To understand different kinds of levers

Learning outcome –

Children will be able to –

- * Define simple machines with examples of daily life.
- * Define mechanical advantage of a lever
- * Solve the problems based on formula of Mechanical advantage.

October **Revision**

Term 3

November

Chapter 5 Light + Workbook

Lab Activity 6: To show the light travels in straight line.

Learning outcome –

Children will be able to –

- * Describe principle, construction and working of pinhole camera.
- * Explain the formation of shadows.
- * Explain the factors on which size of the image depends.

Chapter 6 Magnetism

December

Chapter 6 (continue) Magnetism + Workbook

Lab Activity 7: To show that same poles repel each other and opposite poles attract each other. With the help of magnets.

Learning outcome –

Children will be able to –

- * State the characteristics of magnet and properties of it.
- * Recognize the magnetic field around a magnet.

January **Revision**

February **Revision**

II Unit Test Syllabus

Chapter 5 Light

CHEMISTRY

Term 1

March

Chapter 1 Introduction to Chemistry

Lab Activity 1: To show apparatus used in chemistry lab.

April

Chapter 1 (continue) Introduction To Chemistry + Workbook

Learning outcome –

Children will be able to know:

- * The importance of Chemistry in daily life.
- * Some industrial applications of Chemistry.
- * Biosketches of some great scientists and their works.

Chapter 2 Elements, Compounds and Mixtures

May

Chapter 2 (continue) Elements, Compounds and Mixtures + Workbook

Lab Activity 2: To separate salt from a mixture of salt and water through evaporation.

Lab Activity 3: To separate chalk particles from mixtures of chalk and water through filtration.

Learning outcome –

Children will be able to

- * Define elements as made up of identical atoms.
- * Classify elements as metals and non-metals.
- * Define compounds and mixtures
- * Use symbols of elements and molecular formulae
- * Separation techniques

July

Revision

I Unit Test Syllabus

Chapter 1 Introduction to Chemistry

Term 2

July

Chapter 3 Matter

August

Chapter 3 (continue) Matter + Workbook

Lab Activity 4: To show the presence of space between the particles of matter.

Learning outcome –

Children will be able to

- * Discuss the properties of solids, liquids and gases
- * Interconversion of one state of matter into another
- * Explain the effect of heat on matter

Chapter 4

Water

September

Chapter 4 (continue) Water + Workbook

Lab Activity 5: To determine the solute, solvent and solution.

Learning outcome –

Children will be able to know that water is essential for sustenance of life, universal solvent, uses and how to conserve water.

October

Revision

Term 3

November

Chapter 5 Air and Atmosphere + Workbook

Lab Activity 6: To demonstrate that air contains carbon dioxide.

Learning outcome –

Children will be able to

- * Describe different compounds of air and their composition
- * Importance of air for sustenance of life.
- * Uses of oxygen and nitrogen.
- * Causes of increase of carbon dioxide into the atmosphere.

December

Revision

January

Revision

February

Revision

II Unit Test Syllabus

Chapter 5 Air and Atmosphere

BIOLOGY

Term 1

March

Chapter 1 The Leaf

April

Chapter 1 (continue) The Leaf + Workbook

Lab Activity 1: To study venation and phyllotaxy in leaves of different plants.

Learning outcome –

Children will be able to:

- * Distinguish between leaves.
- * Recognize, identify and draw figures of leaf modifications

Chapter 2 Flower, Fruit and Seed

May

Chapter 2 (continue) Flower, Fruit and Seed + Workbook

Lab Activity 2: To study different parts of a flower.

Learning outcome –

Children will be able to:

- * Recognize various shapes and sizes of flowers.
- * Collect and preserve various types of flowers.
- * Distinguish and explain the structure and function of each whorl of flower.

Chapter 3 The Cell + Workbook

Learning outcome –

Children will be able to:

- * Identify the different cell organelles.
- * Distinguish and draw diagrams of a plant cell and an animal cell.

July **Revision**

I Unit Test Syllabus

Chapter 1 The Leaf

Term 2

July

Chapter 4 The Human Digestive System

August

Chapter 4 (continue) The Human Digestive System + Workbook

Lab Activity 3: To show different parts of the digestive tract of Human Alimentary Canal.

Learning outcome –

Children will be able to:

- * Know different digestive organs and their functions.
- * Know the process of digestion.

Chapter 5 Respiratory System

September

Chapter 5 (continue) Respiratory System + Workbook

Lab Activity 4: To demonstrate the role of diaphragm in breathing.

Learning outcome –

Children will be able to:

- * Distinguish between respiration and breathing.
- * Outline the mechanism of breathing.
- * Know some common respiratory diseases.

Chapter 6 Circulatory System + Workbook

Lab Activity 5: To examine the prepared slides of blood cells.

Learning outcome –

Children will be able to:

- * Explain the main parts of the circulatory system.
- * List the components of blood and types of blood vessels.
- * Take their own / other's pulse.

October **Revision**

Term 3

November

Chapter 7 Health and Hygiene + Workbook

Lab Activity 6: To discuss the important ways to keep the surrounding clean.

Learning outcome –

Children will be able to:

- * Explain the meaning of terms such as 'health', 'hygiene' and 'disease'.
- * Distinguish between infectious and non – infectious diseases.
- * Spread awareness regarding diseases to friends and family.

December

Chapter 8 Adaptation + Workbook

Mental Maths

Chapter 2 Fractions and Decimals
Chapter 6 Geometry and Symmetry (Page No. 18-21)

Revision

I Unit Test Syllabus

Chapter 3

Negative Numbers and Integers

Term 2

July

Chapter 7

Sets

August

Chapter 7

(continue) Sets

Learning Outcome-

Children will be able to develop the idea of sets, identify types of sets, understand cardinality of a set.

Chapter 8

Ratio and Proportion

Learning Outcome-

Children will be able to do comparison of two quantities through ratio, know the meaning of proportion, solve problems related to daily life using unitary method.

Mental Maths

Chapter 4 Ratio and Proportion

Chapter 9

Percentage

Learning Outcome-

Children will be able to introduce idea of percent as fraction with 100 as denominator, conversion of fractions to other form, solve problems related to percentage.

Reasoning

Chapter 6

Geometrical figures, Venn Diagrams and Figure Matrix

Chapter 7

Positions' and Directions' Test

Chapter 8

Grouping of Figures and Figure Formation

September

Chapter 11

Introduction to Algebra

Learning Outcome-

Children will be able to describe constants and variables, define terminology associated with algebra, frame algebraic expressions.

Chapter 14

Understanding Elementary Shapes

Learning Outcome-

Children will be able to measure magnitude of angles using protractor, classify angles in different groups, describe pair of lines, understand types of triangles, quadrilaterals;

Activity:-

Make different shapes using a pair of set squares and investigate their properties.

Chapter 18

Perimeter and Area

Learning Outcome-

Children will be able to describe the concept of perimeter of various shapes, demonstrate the idea of area of shapes, find areas of compound figures and area of paths.

Activity:-

Take a wire. Make different shapes by bending this wire in different ways. Note down the perimeter.

Mental Maths

Chapter 5 Mensuration

October

Chapter 16

Symmetry

Learning Outcome-

Children will understand reflection symmetry.

Activity:-

On a squared paper, sketch the following
(a) A triangle with a horizontal line of symmetry but no vertical lines of symmetry.
(b) A quadrilateral with both horizontal and vertical lines of symmetry.
(c) A hexagon with six lines of symmetry.

Reasoning

Chapter 9

Mirror and Water Images

Chapter 10

Coding – Decoding

Mental Maths

Chapter 6 Geometry and Symmetry (Page 22-23)

Revision

Term 3

November

Chapter 10

Speed, Time and Distance

Learning Outcome-

Children will be able to know the concept of speed, solve simple daily life problems related to speed, distance and time.

Chapter 12

Linear Equations in One Variable

Learning Outcome-

Children will be able to introduce to linear equations in one variable, solving equations by inverse operations, by transposition.

Mental Maths

Chapter 3 Algebra

December

Chapter 15

Identification of 3D shapes

Learning Outcome-

Children will be able to identify 3D shapes, know about 3D shapes.

Activity:-

Draw net of two solid shapes

Chapter 17

Constructions

Learning Outcome-

Children will be able to draw perpendicular bisector of a line segment, construct angles of different measures using compasses, construct circle of given radius.

Activity:-

Draw an angle of 120° using inner scale and outer scale of the protractor.

Chapter 19

Data Handling

Learning Outcome-

Children will be able to collect and organise data using tally bars and a table, represent data through pictograph, bar graph, find mean and median of data.

Mental Maths

Chapter 7 Data Handling

Reasoning

Chapter 11

Blood Relations

Chapter 12

Arithmetic Operations

Chapter 13

Paper Folding and Cutting

Chapter 14

Riddle Tests

Chapter 15

Cubes and Dice

January

Revision

February

Revision

II Unit Test Syllabus

Chapter 10

Speed, Time and Distance

COMPUTER STUDIES

Term 1

March

Chapter 1

Types of Computers and Computer Languages

Learning outcome-

Students will be able to identify computers on the basis of their size, features of computer language.

April

Chapter 2

Organisation of Data

Learning outcome-

Students will be able to identify file formats and their management.

Chapter 3

Word 2019: Tables in Word Processor

Learning outcome-

Students will be able to design tables and apply operations on table.

May

Chapter 3 (Continue) Word 2019: Tables in Word Processor

Learning outcome-

Students will be able to design tables and apply operations on table.

Chapter 4

Mail Merge in Word 2019

Learning outcome-

Students will be able to understand the use of Mail Merge feature in Word 2019.

July

Chapter 4 (Continue) Mail Merge in Word 2019

Learning outcome-

Students will be able to understand the use of Mail Merge feature in Word 2019.

Revision

I Unit Test Syllabus

Chapter 1

Types of Computers and Computer Languages

Term 2

July

Chapter 5 MS PowerPoint 2019: Visual Effects in Presentation

Learning outcome-

Students will be able to understand animation, transition and multimedia in presentation.

August

Chapter 5 (Continue) MS PowerPoint 2019: Visual Effects in Presentation

Learning outcome-

Students will be able to understand animation, transition and multimedia in presentation.

September

Chapter 6 Scratch 3.0- Let's Create Games

Learning outcome-

Students will be able to create interactive game building skills.

October

Chapter 6 (Continue) Scratch 3.0- Let's Create Games

Learning outcome-

Students will be able to create interactive game building skills

Revision

Term 3

November

Chapter 7 Introduction to HTML

Learning outcome-

Students will be able to Create, Save and View HTML Document.

December

Chapter 8 More on Internet: Online Surfing

Learning outcome-

Students will be aware of Potential Threats of the Cyber World.

January

Chapter 7

Introduction to HTML

SANSKRIT**Term 1****March**

वंदना

सीखने का प्रतिफल—

वंदना से आंतरिक चैतन्य प्रकाश प्रस्फुटित एवं असत्य से सत्य की ओर और अंधकार से प्रकाश की ओर जाने के बारे में सीखेंगे।

April

पाठ – 1

संस्कृत वर्णमाला + कार्य पत्रिका

सीखने का प्रतिफल—

बच्चे संस्कृत में अच् और हल् के बारे में जानेंगे एवं समझेंगे।

पाठ – 2

संस्कृत – शब्द – परिचय + कार्य पत्रिका

सीखने का प्रतिफल—

बच्चे विस्तार से तीनों लिंगों एवं वचनों के बारे में जानेंगे।

May

पाठ – 3

धातु – परिचय: + कार्य पत्रिका

सीखने का प्रतिफल—

इस पाठ से बच्चे 'धातु' अर्थात् क्रिया पदों से परिचित होंगे।

July

नवीन शब्दावली – 1 (पशूनां नामानि)

Revision**Term 2****July**

नवीन शब्दावली – 1 (पक्षिणां नामानि)

August

पाठ – 4

(जारी) नवीन शब्दावली—1 (पक्षिणां नामानि)

सर्वनाम परिचय: + कार्य पत्रिका

सीखने का प्रतिफल—

संस्कृत में सर्वनाम शब्दों के लिंग एवं वचन के बारे में जानेंगे और समझेंगे।

पाठ – 5

प्रथम: पुरुष: (तीनों लिंगों में) + कार्य पत्रिका

सीखने का प्रतिफल—

बच्चे प्रथम पुरुष के संज्ञा, सर्वनाम और क्रिया शब्दों द्वारा संस्कृत में वाक्य रचना को समझते हुए स्वयं वाक्य निर्माण करना सीखेंगे।

September

पाठ – 6

मध्यम: पुरुष: (दोनों लिंग)

सीखने का प्रतिफल—

बच्चे मध्यम पुरुष में दोनों लिंगों के बारे में जानेंगे।

October

पाठ – 7

उत्तम: पुरुष: कार्य पत्रिका

सीखने का प्रतिफल—

बच्चे उत्तम पुरुष के बारे में जानेंगे।

Revision**Term 3****November**

पाठ – 9

नवीन शब्दावली – 2

कर्ताकारक: (सम्बोधन) + कार्य पत्रिका

सीखने का प्रतिफल—

बच्चे कर्ता के बारे में जानेंगे एवं समझेंगे।

पाठ – 10

कर्मकारक: (द्वितीया विभक्ति:) + कार्य पत्रिका

सीखने का प्रतिफल—

बच्चे द्वितीया विभक्ति के बारे में जानेंगे और समझेंगे।

December

पाठ – 11

करण कारक: (तृतीया: विभक्ति:)

सीखने का प्रतिफल—

बच्चे तृतीया: विभक्ति एवं करण कारक के बारे में जानेंगे और समझेंगे।

धातु रूप – नम् धातु (लट् लकार)

February

Revision

URDU

Term 1

March

Alif to badi ye

(Page No. – 3 to 5)

Learning Outcome-

Students will be able to read and write the Urdu alphabets.

1 to 100 Numbers

Learning Outcome-

Students will be able to write the numbers in Urdu.

Harkaat

(Page No. – 6 to 9)

Learning Outcome-

Students will be able to learn the sounds of Zabar, Zer and Paish.

Two, three, four letter words

Learning Outcome-

Students will be able to read and write the two, three, four letter words with proper joining.

April

Do chashmi hey ka Istemaal

(Page No. – 10 and 12)

Learning Outcome-

Students will be able to know about the use of do chashmi hey.

Mad

(Page No. – 18 and 20)

Learning Outcome-

Students will be able to understand the use of Mad.

Tashdeed

Learning Outcome-

Students will be able to understand the use of Tashdeed.

Hamzah

Learning Outcome-

Students will be able to understand the use of Hamzah.

May

Noonghunna

Learning Outcome-

Students will be able to understand the use of Noonghunna.

Fruits name

(Page No. – 40)

Learning Outcome-

Students will be able to write the names of Fruits in Urdu.

July

Revision

Khushkhati

(Page No. – 2 to 11)

Term 2

July

Tashdeed ka Istemaal

(Page No. – 24 and 26)

Learning Outcome-

Students will be able to understand the use of Tashdeed.

August

Hamzah ka Istemaal

(Page No. – 27, 28)

Learning Outcome-

Students will be able to understand the use of Hamzah.

Noonghunna ka Istemaal

(Page No. – 29 and 31)

Learning Outcome-

Students will be able to understand the use of Noonghunna.

Birds name

Learning Outcome-

Students will be able to read and write the names of birds in Urdu.

September

Read by joining letters

(Page No. – 32 to 35)

Learning Outcome-

Students will be able to read the words by joining the letters.

Colours Name

(Page No. – 40)

Learning Outcome-

Students will be able to write the names of colours in Urdu.

Alif to badi ye

From 1st Term

Learning Outcome-

Students will be able to read and write the Urdu alphabets.

1 to 100 Numbers

From 1st Term

Learning Outcome-

Students will be able to write the numbers in Urdu.

Harkaat

From 1st Term

Learning Outcome-

Students will be able to learn the sounds of Zabar, Zer and Paish.

Two, three, four letter words

From 1st Term

Learning Outcome-

Students will be able to read and write the two, three, four letter words with proper joining.

Do chashmi hey ka Istemaal

From 1st Term

Learning Outcome-

Students will be able to know about the use of do chashmi hey.

Mad

From 1st Term

Learning Outcome-

Students will be able to understand the use of Mad.

Tashdeed

From 1st Term

Learning Outcome-

Students will be able to understand the use of Tashdeed.

Hamzah

From 1st Term

Learning Outcome-

Students will be able to understand the use of Hamzah.

Noonghunna

From 1st Term

Learning Outcome-

Students will be able to understand the use of Noonghunna.

October

Revision

Khushkhati

(Page No. – 12 to 21)

Term 3

November

Do chashmi hey se alfaz banana

(Page No. – 38, 39)

Learning Outcome-

Students will be able to make the words from do chashmi hey.

Flowers Name

Learning Outcome-

Students will be able to write the names of flowers in Urdu.

Animals Name

Learning Outcome-

Students will be able to write the names of animals in Urdu.

December

Months Name (Page No. – 40)

Learning Outcome-

Students will be able to write the names of months in Urdu.

Countries name

Learning Outcome-

Students will be able to write the names of countries in Urdu.

States name

Learning Outcome-

Students will be able to write the names of states in Urdu.

Alif to badi ye

From 1st Term**Learning Outcome-**

Students will be able to read and write the Urdu alphabets.

1 to 100 Numbers

From 1st Term**Learning Outcome-**

Students will be able to write the numbers in Urdu.

Harkaat

From 1st Term**Learning Outcome-**

Students will be able to learn the sounds of Zabar, Zer and Paish.

Two, three, four letter words

From 1st Term**Learning Outcome-**

Students will be able to read and write the two, three, four letter words with proper joining.

From 1st Term**Learning Outcome-**

Students will be able to understand the use of Mad.

Tashdeed

From 1st Term**Learning Outcome-**

Students will be able to understand the use of Tashdeed.

Hamzah

From 1st Term**Learning Outcome-**

Students will be able to understand the use of Hamzah.

Noonghunna

From 1st Term**Learning Outcome-**

Students will be able to understand the use of Noonghunna.

January**Revision****February****Revision**

Khushkhati

(Page No. – 22 to 32)

**MORAL SCIENCE****Term 1****March****Chapter 1**

I am Unique

Learning Outcome-

Children will learn about self awareness.

Chapter 2

Pandemic – Be Careful

Learning Outcome-

Children will learn about health, safety and hygiene.

April**Chapter 3**

Digital Etiquette

Learning Outcome-

Children will learn about digital awareness.

Chapter 4 Key to Being a Good Friend

Learning Outcome-

Children will learn about interpersonal relationship.

May

Chapter 5 Empathy

Learning Outcome-

Children will learn about empathy.

July

Chapter 6 Bullying

Learning Outcome-

Children will learn about critical thinking, managing emotions and stress; safety.

Term 2

July

Chapter 7 Healthy Lifestyle

Learning Outcome-

Children will learn about healthy life.

August

Chapter 7 (continue) Healthy Lifestyle

Chapter 8 What Will You Do?

Learning Outcome-

Children will learn to make decisions.

Chapter 9 Being Respectful

Learning Outcome-

Children will learn to respect.

September

Chapter 10 Managing Stress

Learning Outcome-

Children will learn to manage stress.

Chapter 11 Techniques to Build Good Vocabulary.

Learning Outcome-

Children will learn about communication skills.

October **Revision**

Term 3

November

Chapter 12 Active Listening

Learning Outcome-

Children will learn to work on their listening skills.

December

Chapter 13 Safety Skills

Learning Outcome-

Children will learn to keep themselves safe.

Chapter 14 Managing Waste

Learning Outcome-

Children will learn about environmental awareness.

January

Chapter 15 Sudoku

Learning Outcome-

Children will learn about logical thinking.

February **Revision**

FINANCIAL LITERACY

Term 1

March

Topic 1 Barter System

Learning Outcome-

After studying this chapter you should be able to understand:

Barter System: Meaning, merits and demerits

April

Topic 2 Evolution of Money

Learning Outcome-

After studying this chapter you should be able to understand:

Evolution of Money: Major stages of evolution of money

May

Topic 3 Needs Vs Wants

Learning Outcome-

After studying this chapter you should be able to understand:

Needs and Wants: Meaning, difference, budgeting

July

Topic 4 Bills/Cash Memo

Learning Outcome-

After studying this chapter you should be able to understand:

Bills/Cash Memo: Meaning, need and importance, important details of a bill

Term 2

July

Topic 5 Trade

Learning Outcome-

After studying this chapter you should be able to understand:

Trade: Meaning of trade, manufacturer, seller and buyer, types of trade

August

Topic 5 Trade

Learning Outcome-

After studying this chapter you should be able to understand:

Trade: Meaning of trade, manufacturer, seller and buyer, types of trade

September

Topic 6 Benefits of Trade

Learning Outcome-

After studying this chapter you should be able to understand:

Benefits of Trade: Need/reasons for trading, concept of opportunity cost

October

Topic 7 Taxation

Learning Outcome-

After studying this chapter you should be able to understand:

Taxation: Meaning, need and significance

Term 3

November

Topic 7 Taxation

Learning Outcome-

After studying this chapter you should be able to understand:

Types of taxes (direct/indirect), Goods and Services Tax (GST)

December

Topic 8 Saving and Expenditure

Learning Outcome-

After studying this chapter you should be able to understand:

Saving and Expenditure: Developing a habit of saving, meaning of saving and expenditure, importance of saving

January

ART & CRAFT

Term 1**March**

Still Life Page No. – 7

Learning Outcome-

Children will observe and draw the object.

Flower Pot Page No. – 18

Learning Outcome-

Children will learn to draw different types of flowers and pots.

April

Body part – Eyes Study Page No. – 14

Learning Outcome-

Children will learn and observe how to draw different eye shapes.

Craft

Decorative Art Page No. – 26

Learning Outcome-

Children will discover and develop different ways to be creative and expressive.

May

Bear Page No. – 20

Learning Outcome-

Children will learn to mix and make different colours using water colours.

Body Part – Lips Study Page No. – 15

Learning Outcome-

Children will learn different shading techniques.

July

Scenery Page No. – 24

Learning Outcome-

Children will observe and draw the beauty of nature.

Revision**Term 2****July**

Madhubani Page No. – 31

Learning Outcome-

Children will learn traditional art.

August

Sea Animals Page No. – 21

Learning Outcome-

Children will learn how to draw sea animals using numbers.

Culture Page No. – 35

Learning Outcome-

Children will observe different festivals and will try to create them on paper.

September

Warli Art Page No. – 16

Learning Outcome-

Children will learn folk style of painting.

Bird Page No. – 22

Learning Outcome-

Children will learn how to draw a bird step-by-step.

Craft

Sequins Craft Page No. – 38

Learning Outcome-

Children will learn sequence pasting.

October

Games Page No. – 48

Learning Outcome-

Children will observe and draw different body postures.

Revision

Term 3

November

Human Study – Posture Page No. – 41

Learning Outcome-

Children will learn to shade using shading pencils.

December

Boy and Girl Page No. – 43

Learning Outcome-

Children will learn how to draw a boy and a girl in an easy way.

January

Christmas day Page No. – 54

Learning Outcome-

Children will learn how to draw Santa Claus and X Mas tree

February

Revision

HEALTH AND PHYSICAL EDUCATION

Term 1

March

Chapter 1 Know Your Body

Learning Outcome-

The students will get enabled to understand growth and development, fitness and organ systems.

April

Chapter 2 Importance of Bones

Learning Outcome-

Students will get enabled to know different types of bones at different parts of the body and their role in our body.

May

Chapter 3 How to Remain Physically Fit

Learning Outcome-

The students will get enabled to understand about Physical Fitness and it's components.

July

Chapter 4 Leaders and Followers

Learning Outcome-

The students will get enabled to understand about mass drills and their benefits.

Term 2

July

Chapter 5 Importance of Games and Sports

Learning Outcome-

The students will get enabled to understand about the difference and meaning of both the terms.

August

Chapter 5 Importance of Games and Sports

Learning Outcome-

The students will get enabled to understand about the difference and meaning of both the terms.

September

Chapter 6 Yoga For Health

Learning Outcome-

The students will get enabled to understand different types of Asanas and their benefits in our daily lives.

October

Chapter 7 Our Environment and Health

Learning Outcome-

The students will get enabled to know the environment and the microbes present in it.

Term 3

November

Chapter 8 Nutrition for Healthy Living

Learning Outcome-

The students will get enabled to understand the meaning of food, its types, its importance and preservation of food.

Chapter 9 How to Remain Safe outside School

Learning Outcome-

The students will get enabled to learn and follow the safety measures at different places.

December

Chapter 10 Gender Sensitivity

Learning Outcome-

The students will get enabled to know two types of gender and gender differentiation as well as sharing of the work.

January **Revision**

February **Revision**

Socially Useful Productive Work

Term 1

March

Chapter 1 What is discipline

Activity:- Make a beautiful creation from scrap and left overs at home.

Learning Outcome-

This will help the child to develop and maintain self-control.

April

Chapter 2 Cleanliness at home

Activity:- Draw 4 basic tools required for cleaning.

Learning Outcome-

Children will be able to show concern towards maintaining personal hygiene.

May

Chapter 3 Cleaning of Kitchen Utensils

Activity:- Write few lines on 'An Ideal Kitchen'

Learning Outcome-

Children will learn the importance of clean surrounding.

July **Revision**

Term 2

July

Chapter 4 Good Health

Activity:- Make a scary mask

Learning Outcome-

Children will learn the importance of physical and mental health.

August

Chapter 4 (continue) Good Health

Activity:- Make a scary mask

Learning Outcome-

Children will learn the importance of physical and mental health.

Chapter 5 Pollution

Activity:- Make coasters using polythene bags.

Learning Outcome-

Children will learn how to assess pollution sources.

September

Chapter 6 Safety on Roads and Playgrounds.

Activity:- Draw and explain any five traffic signs.

Learning Outcome-

This will improve risk – avoiding behaviour in the child.

October

Chapter 8

Role of Computers

Activity:-

Make a model of computer.

Learning Outcome-

Children will learn the importance of computer.

Term 3

November
