March

Chapter 1 Measurement + Workbook

Learning outcome –

Children will be able to:

- * Define different quantities
- * Define density and relative density
- * Do proper measurement of things in their daily life.
- * Solve the numericals based on the formula of density, speed, area of different shapes etc.

April

Lab Activity 1: To measure the volume of irregular shapes such as a stone.

Lab Activity 2: To make a simple pendulum and describe terms related to it.

Chapter 2 Motion + Workbook

Learning outcome –

Children will be able to:

- * Identify the things which are in motion or rest.
- * Describe different types of motion with examples from daily life.
- * Calculate the speed and velocity of objects.
- * Relate weight of an object with its mass.

May

Chapter 3 Energy + Workbook

Lab Activity 3: To identify kinetic energy of a body due to its motion and potential energy due to its position.

Learning outcome –

Children will be able to:

- * Express energy in proper units.
- * Define different forms of energy.
- * Describe conversion of energy from one form to another form.
- * Express the law of conservation of energy.

July **Revision**

I Unit Test Syllabus

Chapter 1 Measurement

Term 2

July

Chapter 4 Light

August

Chapter 4 (continue) Light + Workbook

Lab Activity 4: To demonstrate reflection of light by a plane mirror

Learning outcome –

Children will be able to:

- * Explain phenomenon of reflection
- * State the laws of reflection
- * Know the characteristics of image formed by plane mirror
- * Explain the observed colour of an object based on reflection and absorption of light.

Chapter 5 Heat

September

Chapter 5 (continue) Heat + Workbook

Lab Activity 5: To measure the human body temperature by a clinical thermometer.

Learning outcome -

Children will be able to:

- * Define heat energy and its unit.
- * Describe the effects of heat
- * Explain different modes of transfer of heat
- * Able to distinguish between good conductors and bad conductors of heat.

Chapter 6

Sound + Workbook

Lab Activities 6:

To show that sound can travel through solids.

Learning outcome –

Children will be able to:-

- * Identify different sources of sound
- * Define terms related to longitudinal wave
- * Demonstrate that sound requires a medium to transmit.

October

Revision

Term 3

November

Chapter 7

Magnetism + Workbook

Lab Activity 7:

To show that a freely suspended magnet always aligns itself in a particular direction.

Learning outcome –

Children will be able to:

- * State laws of magnetism
- * Explain the phenomenon of electromagnetism

December

Chapter 8

Electricity + Workbook

Lab Activity 8:

To understand the behaviour of appliances in parallel circuit and series circuit.

Learning outcome –

Children will be able to:

- * Relate current to flow of charge
- * Make simple series circuit and simple parallel circuit
- * Define conductors and insulators of electricity

January

Revision

February

Revision

II Unit Test Syllabus

Chapter 7

Magnetism

CHEMISTRY

Term 1

March

Chapter 1

Matter

April

Chapter 1

(continue) Matter + Workbook

Lab Activity 1:

To show that matter occupies space.

Learning outcome –

Children will be able to describe matter and constituents of matter

Chapter 2

Physical and Chemical Changes + Workbook

Lab Activity 2:

To demonstrate the inter – conversion of states of matter

Learning outcome –

Children will be able to differentiate between physical and chemical changes.

May

Chapter 3

Elements, Compounds and Mixtures

Lab Activity 3:

To separate salt from a mixture of salt and water through evaporation.

Learning outcome –

Children will be able to identify elements and compounds on the basis of properties and types of atoms present in them.

- * Discuss different techniques for separation of a mixture.

July

Chapter 3

(continue) Elements, Compounds and Mixtures + Workbook

Revision

I Unit Test Syllabus

Chapter 1 Matter

Term 2

July

Chapter 4 Atomic Structure

August

Chapter 4 (continue) Atomic Structure + Workbook

Lab Activity 4: To show the periodic table through chart.

Learning outcome –

Children will be able to define atom, molecule and radical, significance of valency of elements and radicals.

September

Chapter 5 Language of Chemistry + Workbook

Lab Activity 5: To demonstrate the characteristics of chemical reaction.

Learning outcome –

Children will be able to identify the names of reactants and products of different chemical reactions.

* Write a chemical reaction in the form of word equation.

October

Revision

Term 3

November

Chapter 6 Metals and Non-Metals + Workbook

Lab Activity 6: To demonstrate that air and moisture are necessary for rusting.

Learning outcome –

Children will be able to differentiate between metals and non-metals on the basis of physical properties, uses of metals and non-metals and causes of corrosion of iron and metalloids.

December

Chapter 7 Air and Atmosphere + Workbook

Learning outcome –

Children will be able to understand:

* Components of air

* Uses of oxygen and nitrogen and preparation of oxygen gas

January

Revision

February

Revision

II Unit Test Syllabus

Chapter 6 Metals and Non-Metals

BIOLOGY

Term 1

March

Chapter 1 Organization in Living Things

April

Chapter 1 (continue) Organization in Living Things + Workbook

Lab Activity 1: To study the permanent slides of plant tissues.

Learning Outcome –

Children will be able to :

* Define the term 'tissue', relate that plants and animals have different types of tissues;

* Draw the relation between structure, location and function of different tissues;

* Classify the different types of animal tissues with functions.

Chapter 2

Kingdom Classification I + Workbook

Lab Activity 2: To study the growth of bread mould on a piece of bread.

Learning outcome –

Children will be able to:

* Explain the purpose and advantages of classification;

* Explain the basis of 5 – kingdom classification;

* Differentiate between major groups of organisms;

May

Chapter 3 Kingdom Classification II + Workbook

Lab Activity 3: To study the different preserved specimens of animals.

Learning outcome –

Children will be able to:

- * Draw pictures of organisms representing each kingdom;
- * List the useful and harmful effects of bacteria and fungi;
- * Infer that complex organisms have evolved from simple organisms (evolution of life).

July

Revision

I Unit Test Syllabus

Chapter 1

Organization in Living Things

Term 2

July

Chapter 4

Plant life

August

Chapter 4

(continue) Plant life + Workbook

Lab Activity 4:

To test the need of sunlight and chlorophyll for photosynthesis

Learning outcome –

Children will be able to:

- * Draw a picture of stomata and chloroplast;
- * Identify the difference between respiration and photosynthesis , aerobic and anaerobic respiration;
- * Reason out that the energy produced in respiration is used up by the body to perform life – sustaining activities;
- * Discuss the need for growing more and more plants.

Chapter 5

Excretory System

September

Chapter 5

(continue) Excretory System + Workbook

Lab Activity 5:

To show the model of Human Excretory System.

Learning outcome –

Children will be able to:

- * Define the term ‘excretion’ and its need / significance;
- * Draw the outline figure of the human body and mark the location of kidneys, skin, sweat glands and lungs;
- * Infer that the kidneys are very important as they filter the blood;

October

Revision

Term 3

November

Chapter 6

The Nervous System + Workbook

Lab Activity 6:

To show the chart of the Nervous System

Learning outcome –

Children will be able to:

- * Discuss the need of spinal cord, brain, nerves for the body;
- * Relate that all parts of the body are connected to the brain through the nerves;
- * List some of the activities that are under the control of the nervous system.

Chapter 7

Allergy

December

Chapter 7

(continue) Allergy + Workbook

Learning outcome –

Children will be able to:

- * Define the terms allergy and allergens and differentiate between them;
- * Identify the symptoms produced by allergens;
- * Infer that allergy can be seasonal or perennial;
- * Know the precautions to be taken if they suffer from any particular type of allergy.

January

Revision

February

Revision

II Unit Test Syllabus

Chapter 6

The Nervous System

MATHEMATICS

Term 1

March

Chapter 1 Integers

Learning Outcome-

Children will be able to multiply integers, divide integers, solve word problems involving integers.

Mental Maths Chapter 1- Integers

Chapter 2 Fractions and Decimals

April

Chapter 2 (continue) Fractions and Decimals

Learning Outcome-

Children will understand and use fraction as an operator, multiply fractions, divide fractions, solve word problems involving mixed fractions.

Chapter 3 Rational Numbers

Learning Outcome-

Children will be able to introduce rational numbers, perform operations on rational numbers, understand decimal representation of rational numbers.

Mental Maths Chapter 2 - Fractions, Rational Numbers and Decimals

Chapter 4 Exponents

Learning Outcome-

Children will be able to know about exponents, use exponential form and their rules to solve problems related to repeated multiplication.

Mental Maths Chapter 3 – Exponents and Powers

Reasoning

Chapter 1 Alphabet, Numbers and Word Sequence Test

Chapter 2 Series Completion

Chapter 3 Analogy and Classification

May

Chapter 6 Ratio, Proportion and Unitary Method

Learning Outcome-

Children will be able to recall ratio and proportion, solve problems using unitary method.

Mental Maths Chapter 5 – Comparing Quantities (Page No. - 12)

Chapter 19 Data Handling

Learning Outcome-

Children will be able to understand how to collect and organise data, find various representative values for simple data, represent data by simple bar graphs.

Mental Maths Chapter 9 – Data Handling

Reasoning

Chapter 4 Patterns

Chapter 5 Embedded Figures

Chapter 6 Geometrical Figures, Figure matrix and grouping of figures.

July

Chapter 5 Sets

Learning Outcome-

Children will be able to revise idea of sets, define equal, equivalent and universal sets, find and use cardinality of finite sets.

Revision

I Unit Test Syllabus

Chapter 2 Fractions and Decimals

Term 2

July

Chapter 7 Percentage

August

Chapter 7 (continue) Percentage

Learning Outcome-

Children will be able to rewrite fractions and decimals into percentage and vice versa, solve problems related to profit and loss, apply simple interest in daily life situations.

Activity:- Activity given on Page No.-153 to be done

Mental Maths Chapter 5 – Comparing Quantities (Page No. – 13-14)

Chapter 9 Algebraic Expressions

Learning Outcome-

Children will be able to identify terms related to algebra, generate algebraic expressions involving one or two variables, add and subtract algebraic expressions.

Mental Maths Chapter 4 Algebra (Page No. - 10)

Reasoning

Chapter 7 Logical Venn Diagrams

Chapter 8 Positions' and Directions' Test

September

Chapter 12 Pairs of Angles

Learning Outcome-

Children will be able to identify pairs of angles like linear, supplementary, complementary, adjacent and vertically opposite, hypothesize the relationship between pairs of angles out of eight angles formed by a transversal with two parallel lines.

Activity:- Activities 1, 2 and 3 given on Page No.-209 to be done

Chapter 18 Perimeter and Area

Learning Outcome-

Children will be able to revise perimeter and idea of circumference of circle, measure area of simple regular, irregular closed shapes.

Activity:- Activity 1 given on Page No.-289 to be done

Chapter 14 Symmetry

Learning Outcome-

Children will be able to recall reflection symmetry, appreciate the rotational symmetry of various shapes and figures.

Reasoning

Chapter 9 Mirror and Water Images

Mental Maths Chapter 7 – Geometry and Symmetry

October

Chapter 13 Properties of Triangles

Learning Outcome-

Children will be able to verify angle sum and other properties of triangles, learn and understand Pythagoras theorem.

Mental Maths Chapter 8 – Triangles

Reasoning

Chapter 10 Coding – Decoding

Chapter 11 Blood Relations

Revision

Term 3

November

Chapter 8 Speed, Distance and Time

Learning Outcome-

Children will be able to know the concept of speed, solve problems related to speed, distance and time.

Mental maths Chapter 6 – Mensuration

Chapter 10 Simple Linear Equations in One Variable

Learning Outcome-

Children will be able to know the meaning of solution of an equation, solve simple linear equation.

Chapter 11 Linear Inequalities

Learning Outcome-

Children will be able to represent a linear inequality on a number line, know about replacement set and solution set, find solutions to simple inequalities.

Mental Maths Chapter 4 – Algebra and Equations (Page No.-11)

December

Chapter 15 Representing 3D in 2D

Learning Outcome-

Children will be able to identify and count vertices, edges, faces, nets

Activity:- Activity 1 Given on Page No.-256 to be done

Chapter 16 Congruence

Learning Outcome-

Children will be able to check congruence of figures through superimposition, extend congruence to simple geometrical shapes like triangles and circles.

Chapter 17 Construction

Learning Outcome-

Children will be able to construct a line parallel to a given line from a point outside it, construct simple triangles when three out of six elements are given.

Chapter 20 Chance and Probability

Learning Outcome-

Children will be able to understand notion of chance in events like tossing coins, dice.

Reasoning

Chapter 12 Arithmetic Operations

Chapter 13 Paper Folding and Cutting

Chapter 14 Riddle Test

Chapter 15 Cubes and Dice

Chapter 16 Dot Situation Test

January **Revision**

February **Revision**

II Unit Test Syllabus

Chapter 8 Speed, Distance and Time

COMPUTER STUDIES

Term 1

March

Chapter 1 Hardware components

Learning outcome -

Students will be able to identify devices located inside the system units

April

Chapter 2 Number System

Learning outcome -

Students will be able to understand number system notations

Chapter 3 Computer Viruses

Learning outcome -

Students will be able to understand viruses as threats to computers and data

May

Chapter 3 (Continue) Computer Viruses

Learning outcome -

Students will be able to understand viruses as threats to computers and data

Chapter 4 Ethics and Safety Measures with Internet

Learning outcome -

Students will be able to learn about protecting users data from Cyber Threats

July**Chapter 4** (Continue) Ethics and Safety Measures with Internet**Learning outcome -**

Students will be able to learn about protecting users data from Cyber Threats

Revision**I Unit Test Syllabus****Chapter 1** Hardware components**Term 2****July****Chapter 5** Introduction to Excel 2019**Learning outcome -**

Students will be able to learn about basic operations on an Electronic Worksheet

August**Chapter 5** (Continue) Introduction to Excel 2019**Learning outcome -**

Students will be able to learn about basic operations on an Electronic Worksheet

September**Chapter 6** More Features of Excel 2019**Learning outcome -**

Students will be able to learn about performing simple calculations on Excel

October**Chapter 6** (Continue) More Features of Excel 2019**Learning outcome -**

Students will be able to learn about performing simple calculations on Excel

Revision**Term 3****November****Chapter 7** Introduction to DBMS**Learning outcome -**

Students will be able to understand Database Management System

Chapter 8

Advanced Features of HTML

Learning outcome –

Students will have ability to create Web Page Contents

December**Chapter 8** (Continue) Advanced Features of HTML**Learning outcome –**

Students will have ability to create Web Page Contents

वंदना + कार्य पत्रिका

सीखने का प्रतिफल—

सरस्वती वंदना से बच्चे के अंदर अज्ञानता रूपी अंधकार दूर होकर ज्ञान रूपी प्रकाश प्रस्फुटित होगा।

April

पाठ – 1

वैभवस्य जन्म दिवसः + कार्य पत्रिका

सीखने का प्रतिफल-

बच्चे संस्कृत भाषा में काल को लकार भी कहते हैं यह जानेंगे और अन्य लकारों से अवगत होंगे।

पाठ – 3

दरिद्रस्य सहायता + कार्य पत्रिका
(लङ्-लकार-मध्यमः पुरुषः)सीखने का प्रतिफल-

इस पाठ से बच्चे लङ् लकार का प्रयोग कब, कहाँ और क्यों किया जाता है? यह जानेंगे।

May

पाठ – 4

जन्तु शालायाः विहारः + कार्य पत्रिका
(लङ् लकारः – उत्तमः पुरुषः)सीखने का प्रतिफल-

इस पाठ से बच्चे लङ् लकार उत्तम पुरुष के बारे में जानेंगे एवं समझेंगे एवं संस्कृत में विभिन्न प्रकार के जानवरों के नाम का शुद्ध उच्चारण करना सीखेंगे।

July**Revision****Term 2****July**

पाठ – 5

अपठित अवबोधनम्-1, नवीन शब्दावली-1
सुभाषितानि + कार्य पत्रिकासीखने का प्रतिफल-

इस पाठ के द्वारा बच्चे जीवन के सुंदर मूल्यों से युक्त एवं जीवन को श्रेष्ठ बनाने के बारे में जानेंगे एवं समझेंगे।

August

पाठ – 5

अपठित अवबोधनम्-1, नवीन शब्दावली-1
सुभाषितानि + कार्य पत्रिकासीखने का प्रतिफल-

इस पाठ के द्वारा बच्चे जीवन के सुंदर मूल्यों से युक्त एवं जीवन को श्रेष्ठ बनाने के बारे में जानेंगे एवं समझेंगे।

पाठ – 6

शिष्टाचारः + कार्य पत्रिका
(लोट् लकारः – प्रथमः पुरुषः)सीखने का प्रतिफल-

बच्चे इस पाठ से शिष्टाचार से होने वाले लाभ के बारे में जानेंगे।

September

पाठ – 7

स्वस्थ वृत्तम् + कार्य पत्रिका
(लोट् लकारः – मध्यमः पुरुषः उत्तम पुरुषः च)
अपठित अवबोधनम् – 2

पाठ – 8

रमणीयम् उद्यानम् + कार्यपत्रिका संख्या प्रयोगः

सीखने का प्रतिफल-

इस पाठ से बच्चे संस्कृत में संख्या एवं सुंदर बागीचे के बारे में जानेंगे।

October**Revision****Term 3****November**

पाठ – 8

रमणीयम् उद्यानम्

पाठ – 11

भारतीय समुद्रतटाः

December

पाठ – 11

(continue) भारतीय समुद्र तटाः + कार्य पत्रिका

सीखने का प्रतिफल-

इस पाठ से बच्चे भारतीय समुद्र तट के बारे में जानेंगे।

पाठ – 12

भारत रत्नम्
(श्री अटल बिहारी बाजपेयी महोदयः)सीखने का प्रतिफल-

इस पाठ के द्वारा बच्चे अटल जी की सादगी एवं व्यक्तित्व के बारे में जानेंगे।

अपठित अवबोधनम् – 3

Revision

URDU

Term 1

March

Alif to badi ye (Page No. – 3, 4)

Learning Outcome-

Students will be able to read and write the Urdu alphabets.

1 to 100 Numbers

Learning Outcome-

Students will be able to write the numbers in Urdu.

Zabar, Zer and Paish (Page No. – 5, 6)

Learning Outcome-

Students will be able to understand the voices of airabs.

April

Mad

Learning Outcome-

Students will be able to know the use of Mad.

Tashdeed

Learning Outcome-

Students will be able to know the use of Tashdeed.

Alif ki Milawat (chapter 4) (Page No.- 7, 8)

Learning Outcome-

Students will be able to understand the joining of alif with the other letters.

Hamzah

Learning Outcome-

Students will be able to understand the use of Hamzah.

May

Noonghunna

Learning Outcome-

Students will be able to understand the use of Noonghunna.

Two, Three, Four letter words

Learning Outcome-

Students will be able to read and write the two, three, four letter words with proper joining.

Huroof ki Milawat (Chapter 5) (Page No.- 9, 10)

Learning Outcome-

Students will be able to understand the joining of be, pe, te, se in other letters.

Fruits name

Learning Outcome-

Students will be able to read and write the names of fruits in Urdu.

July

Revision

Khushkhati (Page No. 2 to 12)

Term 2

July

Flowers name

Learning Outcome-

Students will be able to write the names of flowers in Urdu.

August

Huroof ki Milawat (Chapter 6) (Page No. – 11, 12)

Learning Outcome-

Students will be able to understand the joining of jeem, chey, hey, khey in other letters.

Acchi Baten

(Chapter 7) (Page No. – 13, 14)

Learning Outcome-

Students will be able to read the poem with some new words.

September

Tota

(Chapter 11) (Page No. – 21, 22)

Learning Outcome-

Students will be able to learn some new words from this poem.

Chacha Nehru

(Chapter 12) (Page No. 23, 24)

Learning Outcome-

Students will be able to get the knowledge about Pandit Jawaharlal Nehru.

Colours Name

Learning Outcome-

Students will be able to read and write the names of colours in Urdu.

Alif to badi ye

From 1st Term**Learning Outcome-**

Students will be able to read and write the Urdu alphabets.

1 to 100 Numbers

From 1st Term**Learning Outcome-**

Students will be able to write the numbers in Urdu.

Zabar, Zer and Paish

From 1st Term**Learning Outcome-**

Students will be able to understand the voices of airabs.

Mad

From 1st Term**Learning Outcome-**

Students will be able to know the use of Mad.

Tashdeed

From 1st Term**Learning Outcome-**

Students will be able to know the use of Tashdeed.

Hamzah

From 1st Term**Learning Outcome-**

Students will be able to understand the use of Hamzah.

Noonghunna

From 1st Term**Learning Outcome-**

Students will be able to understand the use of Noonghunna.

Two, Three, Four letter words

From 1st Term**Learning Outcome-**

Students will be able to read and write the two, three, four letter words with proper joining.

October**Revision**

Khushkhati

(Page No. 13 to 22)

Term 3**November**

Do chashmi hey

Learning Outcome-

Students will be able to write the words with the help of do chashmi hey.

Gaye

(Chapter 13) (Page No. – 25, 26)

Learning Outcome-

Students will be able to get more knowledge about cow.

December

Pyara Hindustan

(Chapter 18) (Page No. – 35 to 37)

Learning Outcome-

Students will be able to know more about our country India.

Birds Name

Learning Outcome-

Students will be able to write the names of birds in Urdu.

Animals Name

Learning Outcome-

Students will be able to read and write the names of animals in Urdu.

Alif to badi ye

From 1st Term

Learning Outcome-

Students will be able to read and write the Urdu alphabets.

1 to 100 Numbers

From 1st Term

Learning Outcome-

Students will be able to write the numbers in Urdu.

Zabar, Zer and Paish

From 1st Term

Learning Outcome-

Students will be able to understand the voices of airabs.

Mad

From 1st Term

Learning Outcome-

Students will be able to know the use of Mad.

Tashdeed

From 1st Term

Learning Outcome-

Students will be able to know the use of Tashdeed.

Hamzah

From 1st Term

Learning Outcome-

Students will be able to understand the use of Hamzah.

Noonghunna

From 1st Term

Learning Outcome-

Students will be able to understand the use of Noonghunna.

Two, Three, Four letter words

From 1st Term

Learning Outcome-

Students will be able to read and write the two, three, four letter words with proper joining.

MORAL SCIENCE

Term 1

March

Chapter 1

Knowing Yourself

Learning Outcome-

Children will learn self awareness.

April

Chapter 2

Behaviour in Public

Learning Outcome-

Children will learn to respect others.

Chapter 3

Being Respectful

Learning Outcome-

Children will learn to respect others.

May

Chapter 4

Managing Time

Learning Outcome-

Children will learn about time management.

Chapter 5 Yoga
Learning Outcome-
 Children will learn about health awareness.

July **Revision**

Term 2

July
Chapter 6 Bulling Vs Cyberbullying
Learning Outcome-
 Children will learn about their security.

August
Chapter 6 (continue) Bullying Vs Cyberbullying
Learning Outcome-
 Children will learn about their security.

Chapter 7 Cyberbullying
Learning Outcome-
 Children will learn about cyberbullying.

September
Chapter 8 Managing Stress
Learning Outcome-
 Children will learn to cope up with stress.

Chapter 9 Be An Active Listener
Learning Outcome-
 Children will learn to work on their listening skills.

October **Revision**

Term 3

November
Chapter 10 Teamwork
Learning Outcome-
 Children will learn about collaboration and patience.

December
Chapter 11 Solid Waste Management
Learning Outcome-
 Children will learn about environment sensitivity.

FINANCIAL LITERACY

Term 1

March

Topic 1 Borrowing

Learning Outcome-

After studying this chapter you should be able to understand:

Borrowing: Meaning of borrowing, need, sources, loan (principal amount and interest)

April

Topic 2 Reserve Bank of India

Learning Outcome-

After studying this chapter you should be able to understand:

RBI: Role and functions of the RBI, RBI as the 'regulator'

May

Topic 3 Consumer Protection

Learning Outcome-

After studying this chapter you should be able to understand:

Consumer Protection: Meaning, consumer rights

July

Topic 3 Consumer Protection

Learning Outcome-

After studying this chapter you should be able to understand:

Consumer Protection: infringement of consumer rights and ways of redressal

Term 2

July

Topic 4 Banking

Learning Outcome-

After studying this chapter you should be able to understand:

Banking: Meaning and functions, understanding important terms such as loans, deposit, credit card, debit card, A.T.M., cheque

August

Topic 4 Banking

Learning Outcome-

After studying this chapter you should be able to understand:

Banking: Meaning and functions, understanding important terms such as loans, deposit, credit card, debit card, A.T.M., cheque

September

Topic 5 Types of Bank Accounts

Learning Outcome-

After studying this chapter you should be able to understand:

Types of Bank Accounts: Current account, savings account, recurring deposit account, fixed deposit account, savings accounts for minors

October

Topic 6 Use of New Technology in Banking

Learning Outcome-

After studying this chapter you should be able to understand:

Use of New Technology in Banking: Internet banking, mobile banking, Real-time Gross Settlement (RTGS), National Electronic Funds Transfer (NEFT), Immediate Payment Service (IMPS)

Term 3

November

Topic 7 Understanding Basic Terminologies

Learning Outcome-

After studying this chapter you should be able to understand:

Understanding Basic Terminologies: Marked price, selling price, cost price, profit, loss and discount

December

Topic 8 Simple Interest

Learning Outcome-

After studying this chapter you should be able to understand:

Simple Interest: Meaning and calculation

ART & CRAFT

Term 1

March

Still life

Page No. – 6

Learning Outcome-

Children will learn how to give shading effects.

Vegetables

Page No. – 8

Learning Outcome-

Children will learn how to draw different types of vegetables.

April

Deer

Page No. – 22

Learning Outcome-

Children will learn how to draw deer.

Craft

Origami (Fox Face) Page No. – 52

Learning Outcome-

Children will learn to transform a flat sheet into a finished sculpture.

May

Dump Truck Page No. – 11

Learning Outcome-

Children will use different shapes to draw a dump truck.

Village Page No. – 26

Learning Outcome-

Children will learn to give light and dark shading effects.

July

Flower Page No. – 25

Learning Outcome-

Children will learn to draw different types of flowers and their leaves.

Revision

Term 2

July

Human Figure Page No. – 31

Learning Outcome-

Children will observe carefully different shapes of nose, lips and ear.

August

Human Figure Page No. – 31

Learning Outcome-

Children will observe carefully different shapes of nose, lips and ear.

Landscape Page No. – 38

Learning Outcome-

Children will learn how to draw landscape.

Animal study – Face Page No. – 28

Learning Outcome-

Children will learn to draw different animal faces.

September

Squirrel Page No. – 39

Learning Outcome-

Children will learn how to draw squirrel

Tom And Jerry Page No. – 41

Learning Outcome-

Children will learn how to draw Tom and Jerry in an easy way.

Craft

Collage Art Page No. – 56

Learning Outcome-

Children will discover and develop different ways to be creative and expressive.

October

Portrait Page No. – 42

Learning Outcome-

Children will learn how to draw Portrait using simple steps.

Revision

Term 3

November

Qutub Minar Page No. – 46

Learning Outcome-

Children will learn how to draw Qutub Minar through line art.

December

Dinosaur Page No. – 47

Learning Outcome-

Children will learn how to draw Dinosaur in an easy way.

Wonder Space

Page No. 50

Learning Outcome-

Children will learn to make new colour shades by mixing water colours.
