India and its Neighbouring Countries

Learning Outcome-

Children will come to know about India’s Neighbours and their Important features.

December

Chapter 10

Human Resource Developments in India

Activity Book:-

Chapter 11 - India – Human Resources

Learning Outcome-

Pupils will come to know about the concept of Human Resources and Distribution of Population across the country.

Map Work-

India (Physical)

Revision

February

Revision

II Unit Test Syllabus

Chapter 9

India and its Neighbouring Countries

PHYSICS

Term 1

March

Chapter 1

Matter + Workbook

Lab Activity 1:

To identify various state of matter in our daily life

Learning outcomes –

Children will be able to:

* Distinguish the states of matter

* Explain the kinetic molecular theory of matter

- * Explain the conversion of states of matter

April

Chapter 2

Measurement + Workbook

Lab Activity 2:

To find the density of irregular solids by Eureka Can

Learning outcome –

Children will be able to –

- * Measure the density of irregular solids
- * Discuss the concept of floatation based on relative densities of solid and liquid
- * Solve simple numerical problems based on formula of density
- * Relate the things from their daily life activities.

May

Chapter 3

Force and Pressure + Workbook

Lab Activity 3:

To show that the pressure of a liquid increases with depth.

Learning outcome –

Children will be able to –

- * Explain the turning effect of force
- * Define pressure and applications of pressure
- * Express thoughts that reveal imagination, originality.
- * Present ideas clearly and in logical order.

July

Revision

I Unit Test Syllabus

Chapter 1

Matter

Term 2

July

Chapter 4

Energy

August

Chapter 4

(continue) Energy + Workbook

Lab Activity 4:

To show the potential energy is maximum at extreme position and minimum at centre position.

Learning outcome –

Children will be able to –

- * Define work, its units and conditions of work done.
- * Express kinetic energy and potential energy.
- * Solve the problems based on gravitational potential energy.
- * Identify / select on the basis of attributes.

Chapter 5

Light

September

Chapter 5

(continue) Light + Workbook

Lab Activity 5:

To show the bending of light through a glass prism

Learning outcome –

Children will be able to –

- * Describe refraction and its examples.
- * Describe the characteristics of real image formed by a spherical mirror.
- * Display a scientific attitudes towards activities.
- * Show a creative mind set while studying real world optical phenomena.
- * To draw the ray diagrams to show the formation of real images.

Chapter 6

Heat Transfer

October

Chapter 6

(continue) Heat Transfer + Workbook

Lab Activity 6:

To demonstrate the effect of Heat on gases.

Learning outcome –

Children will be able to –

- * Compare and contrast Boiling and evaporation
- * Describe expansion – linear, area and volume
- * Compare expansivity in solids, liquids and gases.

Revision

Term 3

November

Chapter 7

Sound + Workbook

Lab Activity 7:

To demonstrate the dependence of loudness of sound on the amplitude of vibrations.

Learning outcome –

Children will be able to –

- * Relate pitch and frequency
- * Understand pitch and frequency in relation to working
- * State the unit of loudness in decibels
- * Explain monotone and different sounds

December

Chapter 8

Electricity + Workbook

Lab Activity 8:

To show that the objects having like charges repel each other.

Learning outcome –

Children will be able to –

- * Describe household consumptions of electricity
- * Identify live wire, neutral wire and earth wire
- * Identify dangers of electricity
- * Learn the use of safety precautions while dealing with electrical appliances.

January

Revision

February

Revision

II Unit Test Syllabus

Chapter 7

Sound

CHEMISTRY

Term 1

March

Chapter 1

Matter + Workbook

Lab Activity 1:

To show the interconversion of matter

Learning outcome –

Children will be able to understand–

- * Main postulates of kinetic theory of matter
- * Reason of change of one state to another
- * Explain the law of conservation of mass.

April

Chapter 2

Physical and Chemical Changes + Workbook

Lab Activity 2:

To show the physical and chemical changes by giving examples.

Learning outcome –

Children will be able to differentiate between physical and chemical changes and classify the changes.

Chapter 3

Elements, Compounds and Mixtures + Workbook

Lab Activity 3:

To separate the components of mixture containing calcium carbonate and sodium chloride.

Learning outcome –

Children will be able to –

- * Classify substances into elements, compounds and mixtures
- * Principle involved in using a particular technique in separating a mixture.

May

Chapter 4

Atomic Structure

July

Chapter 4

(continue) Atomic Structure + Workbook

Learning outcome –

Children will be able to –

- * Describe that an atom consists of electrons, protons and neutrons
- * Define atomic number and Mass number

Revision

I Unit Test Syllabus

Chapter 1

Matter

Term 2

July

Chapter 5

Language of Chemistry

August

Chapter 5

(continue) Language of Chemistry + Workbook

Learning outcome –

Children will be able –

- * To learn symbols of different elements
- * To derive formulae of compounds
- * To write Chemical equation by using law of conservation of mass.

Chapter 6 Chemical Reactions + Workbook
Lab Activity 4: To show the burning of magnesium ribbon

Lab Activity 5: To show neutralisation reaction by using acid and base

Learning outcome –

Children will be able to learn describe different types of chemical equation and oxides.

September

Chapter 7 Hydrogen + Workbook
Lab Activity 6: To prepare hydrogen gas in laboratory.

Learning outcome –

Children will be able to prepare hydrogen gas in laboratory, properties and uses of hydrogen.

October **Revision**

Term 3

November
Chapter 8 Water + Workbook

Lab Activity 7: To study the action of heat on water of crystallization in copper sulphate crystals.

Learning outcome –

Children will be able to –

- * Describe that water is a universal solvent
- * Identify a solution, suspension and colloid
- * Describe Water of crystallization
- * Describe hard and soft water, different methods of softening of water.

Chapter 9 Carbon and its Compounds

December

Chapter 9 (continue) Carbon and its Compounds + Workbook
Lab Activity 8: To prepare carbon dioxide in the laboratory.

Learning outcome –

Children will be able to-explain allotropy, different allotropes of Carbon, and their properties

- * To prepare carbon dioxide in laboratory, uses and properties.

January **Revision**

February **Revision**

II Unit Test Syllabus

Chapter 8 Water

BIOLOGY

Term 1

March

Chapter 1 Transport System in Plants + Workbook
Lab Activity 1: To demonstrate the process of osmosis.

Learning outcome –

Children will be able to:

- *Learn about the existence of a transport system inside the plant body of complex multicellular higher plants;
- * Define and discuss diffusion, osmosis, transpiration, root pressure;
- * Realize that the minerals required are either micronutrients or macronutrients depending upon the quantity required by the plants;
- * Demonstrate osmosis and transpiration through simple experiments;

April

Chapter 2 Reproduction in Plants + Workbook

Lab Activity 2: To study the floral characteristics by dissecting a Hibiscus flower.

Learning outcome –

Children will be able to:

- * Record during a visit to garden the common names of plants and how they are multiplied;
- * Observe and correlate butterflies and honeybees moving around flowers to the process of pollination;
- * Observe how grass plants which are planted at some distance from each other cover the entire soil after some days due to vegetative propagation;

December

Chapter 10

Agriculture and Agricultural Practices + Workbook

Lab Activity 7:

Demonstrate the various Agricultural tasks and practices

Learning outcome –

Children will be able to:

- * Explain the meaning of agriculture, horticulture, pisciculture, apiculture, sericulture, green revolution, white revolution and animal husbandry;
- * Identify and provide examples for various food crops and cash crops cultivated in India and make a list of useful cereal, fruit and vegetable plants;
- * List common names of (i) Useful plants and animals, (ii) Ornamental plants / decorative flowers;

January

Revision

February

Revision

II Unit Test Syllabus

Chapter 8

Health and Hygiene, First Aid.

MATHEMATICS

Term 1

March

Chapter 1

Rational Numbers

Learning Outcome-

Children will be able to describe properties of rational numbers, represent rational numbers on the number line.

Mental Maths

Chapter 2 – Rational Numbers

Chapter 2

Exponents

Learning Outcome-

Children will be able to write repeated multiplication and division using integers as exponents, describe and verify laws of exponents with integral powers.

April

Chapter 3

Squares and Square Roots

Learning Outcome-

Children will be able to find squares and square roots of number, undertake calculation of square roots using the factor and division method.

Chapter 4

Cubes and Cube Roots

Learning Outcome-

Children will be able to find cubes and cube roots of number.

Mental Maths

Chapter 3 – Exponents and Roots

Chapter 5

Playing with Numbers

Learning Outcome-

Children will be able to write and understand 2 and 3 digit number in generalised form, solve number puzzles and games.

Mental Maths

Chapter 1 – Fun with Numbers

Chapter 7

Percentage and its Applications

Reasoning

Chapter 1

Alphabet, Numbers & Words Based Test

Chapter 2

Series Completion

Chapter 3

Analogy and classification

May

Chapter 7

Percentage and its applications

Learning Outcome-

Children will be able to solve advanced problems involving application on percentages, profit and loss, overhead expenses, discount and tax.

Chapter 23

Statistics

Learning Outcome-

Children will be able to arrange ungrouped data into groups.

Chapter 24 Graphical Representation of Data
Learning Outcome-
 Children will be able to construct and interpret bar graph, interpret pie chart.

Chapter 11 Algebraic Expressions

Mental Maths Chapter 9 – Data Handling
 Chapter 4 – Algebra and Equations

July

Chapter 11 (continue) Algebraic Expressions

Learning Outcome-
 Children will be able to multiply and divide algebraic expressions, use identities.

Reasoning

Chapter 4 Patterns

Chapter 5 Embedded Figures, Figure Rotation and Figure Matrix

Chapter 6 Geometrical Figures and Logical Venn Diagram

Revision

I Unit Test Syllabus

Chapter 1 Rational Numbers

Term 2

July

Chapter 6 Sets

August

Chapter 6 (continue) Sets

Learning Outcome-

Children will be able to recall knowledge of sets, find union and intersection of sets, define disjoint sets, find complement of a set.

Chapter 8 Compound Interest

Learning Outcome-

Children will be able to explore the difference between simple and compound interest

Chapter 12 Factorisation

Learning Outcome-

Children will be able to factorise algebraic expressions, factorise an algebraic expressions using Identities.

Chapter 14 Understanding Shapes

Learning Outcome-

Children will be able to explore and verify properties of quadrilaterals.

Activity:- Activity 1 of page 199 to be done

Reasoning

Chapter 7 Grouping of figures and figure formation

Chapter 8 Positions' and Directions' Test

September

Chapter 13 Linear Equations in One Variable

Learning Outcome-

Children will be able to solve linear equations in one variable

Chapter 15 Parallelograms

Learning Outcome-

Children will be able to explore and verify properties of parallelogram.

Activity:- Activity 2 given on page 207 to be done

Chapter 16 Representing 3D shapes in 2D

Learning Outcome-

Children will be able to count number of vertices, edges, faces and verifying Euler's relation for 3D figures.

Chapter 19 Idea of Symmetrical Shapes and Reflection Symmetry

Learning Outcome-

Children will be able to distinguish the shapes that are symmetrical and find line of symmetry by paper folding, have an idea of reflection symmetry and symmetrical shapes.

Mental Maths Chapter 7 – Geometry
Chapter 8 – Quadrilaterals

Reasoning
Chapter 9 Mirror and Water Images
Chapter 10 Coding – Decoding

October
Chapter 20 Circle
Learning Outcome-
Children will be able to define and identify various parts of a circle.

Chapter 25 Probability
Learning Outcome-
Children will be able to make a hypothesis on chances of coming events on the basis of its earlier occurrences.

Reasoning
Chapter 11 Blood Relations

Revision

Term 3

November
Chapter 9 Direct and Inverse Variations

Learning Outcome-
Children will be able to solve simple and direct word problem related to direct and inverse variations.

Chapter 10 Time and Work
Learning Outcome-
Children will be able to solve simple and direct word problems related to time and work.

Mental Maths Chapter 5 – Comparing Quantities

Chapter 17 Construction of Quadrilaterals
Learning Outcome-
Children will be able to construct quadrilaterals using pair of compasses and straight edge.

Reasoning
Chapter 12 Arithmetic Operations
Chapter 13 Paper Folding and Cutting

December
Chapter 21 Area of a Trapezium, a Polygon and a Semicircle
Learning Outcome-
Children will be able to find area of trapezium and semicircle

Chapter 22 Volume and Surface area of solids
Learning Outcome-
Children will be able to find surface area of cuboid, cube and cylinder through formulae, find volume of cuboid, cylinder.

Mental Maths Chapter 6 – Mensuration

Chapter 18 Graphs
Learning Outcome-
Children will be able to describe the meaning of axes, Cartesian plane, plotting points, read linear graphs.

Reasoning
Chapter 14 Riddle Tests
Chapter 15 Cubes and Dice
Chapter 16 Dot Situation Test

January **Revision**

February

Revision

II Unit Test Syllabus

Chapter 9

Direct and Inverse Variations

COMPUTER STUDIES

Term 1

March

Chapter 1

Functions of Operating System

Learning outcome -

Students will be able to know about types of Operating system and its features

April

Chapter 2

More Functions of Excel 2019

Learning outcome -

Students will be able to extract details using formulas on Excel

Chapter 3

Charts in Spreadsheet

Learning outcome -

Students will be able to have ability to create and select right chart

May

Chapter 3

(Continue) Charts in Spreadsheet

Learning outcome -

Students will be able to have ability to create and select right chart

Chapter 4

Algorithms and Flowcharts

Learning outcome -

Students will be able to understand the usage of algorithm and flowchart in programming

July

Chapter 4

(Continue) Algorithms and Flowcharts

Learning outcome -

Students will be able to understand the usage of algorithm and flowchart in programming

Revision

I Unit Test Syllabus

Chapter 1

Functions of Operating System

Term 2

July

Chapter 5

Fundamentals of Programming

Learning outcome -

Students will have knowledge of Java as a programming language

August

Chapter 5

(Continue) Fundamentals of Programming

Learning outcome -

Students will have knowledge of Java as a programming language

September

Chapter 6

Control Structures

Learning outcome -

Students will be able to understand the needs of control structures in a program

October

Chapter 6

(Continue) Control Structures

Learning outcome –

Students will be able to understand the needs of control structures in a program

Revision**Term 3****November****Chapter 7**

App Development

Learning outcome -

Students will have knowledge about usage and working of apps

Chapter 8

Introduction to Networking

Learning outcome-

Students will learn about different types of Computer Networks

December**Chapter 8**

(Continue) Introduction to Networking

Learning outcome –

Students will learn about different types of Computer Networks

January**Revision****February****Revision****II Unit Test Syllabus****Chapter 7**

App Development

**SANSKRIT****Term 1****March**

प्रार्थना मंडलकामना + कार्य पत्रिका

सीखने का प्रतिफल–

इस पाठ के द्वारा बच्चे लोक कल्याण एवं मंगल कामना के बारे में जानेंगे।

April

पाठ – 1

मूर्खः अनुचरः + कार्य पत्रिका

सीखने का प्रतिफल–

इस पाठ के द्वारा बच्चे यह जानेंगे कि समझदार शत्रु से अधिक विनाशकारी मूर्ख मित्र होता है।

पाठ – 2

नीति श्लोकाः + कार्य पत्रिका

सीखने का प्रतिफल–

इस पाठ के द्वारा बच्चे भर्तृहरि के बारे में जानेंगे उनके मौक्तिक रूपी श्लोक के बारे में सीखेंगे।

May

पाठ – 3

क्रिकेट क्रीडकः सचिन तेंदुलकरः + कार्य पत्रिका

सीखने का प्रतिफल–

इस पाठ से बच्चे क्रिकेट के भगवान कहे जाने वाले मास्टर ब्लास्टर इत्यादि उपनामों से सुशोभित सचिन तेंदुलकर के बारे में जानेंगे।

July**Revision****Term 2****July**

संख्या पदानि – (एकतः विशतिः)

August

संख्या पदानि – (एकतः विशतिः)

परिशिष्टः – अपठित अवबोधनम्

पाठ – 4

स्वास्थ्य चक्रम् + कार्य पत्रिका

सीखने का प्रतिफल–

इस पाठ के द्वारा बच्चे स्वास्थ्य चक्र एवं स्वस्थ रहने के नियमों के बारे में जानेंगे।

पाठ – 6

तुलसी पादपस्य आत्मकथा + कार्य पत्रिका

सीखने का प्रतिफल–

इस पाठ के द्वारा बच्चे तुलसी के औषधीय गुणों के बारे में जानेंगे।

September

पाठ – 6

तुलसी पादपस्य

पाठ – 7

लौहपुरुषः + कार्य पत्रिका
(सरदार वल्लभ भाई पटेलः)

सीखने का प्रतिफल–

इस पाठ के द्वारा बच्चे सरदार जी को और भारत की एकता में उनके योगदान के बारे में जानेंगे।

परिशिष्टः – अपठित अवबोधनम् – 2

October

पाठ – 10

विद्यायाः महत्वम् + कार्य पत्रिका

सीखने का प्रतिफल–

इस पाठ के द्वारा बच्चे यह जानेंगे कि विद्या अर्थात् ज्ञान का जीवन में क्या महत्व है।

Revision**Term 3****November**

पाठ – 10

विद्यायाः महत्वम्

सीखने का प्रतिफल–

इस पाठ के द्वारा बच्चे यह जानेंगे कि विद्या अर्थात् ज्ञान का जीवन में क्या महत्व है।

नवीन शब्दावली – 2

संख्या पदानि (एकतः पञ्चाशत)

December

पाठ – 11

दुर्जनः परदोषाणां + कार्य पत्रिका
(दर्शने कुशलो महान्)

सीखने का प्रतिफल–

इस पाठ के द्वारा बच्चे यह जानेंगे कि दुष्ट व्यक्ति दूसरों के गुणों को न देखकर सदैव दूसरों के दोष निकालने में लगा रहता है।

परिशिष्टः अपठित अवबोधनम्–3

चित्र वर्णनम्–1

January**Revision****February****Revision****URDU****Term 1****March**

Alif to badi ye

Learning Outcome-

Students will be able to read and write the Urdu alphabets.

1 to 100 numbers

Learning Outcome-

Students will be able to write the Numbers in Urdu.

Zabar, Zer, Paish, Mad, Tashdeed

Learning Outcome-

Students will be able to understand the use of these airabs.

April

Hamzah and Noonghunna

Learning Outcome-

Students will be able to understand the use of hamzah and noonghunna.

Chapter 3

Hawaas e Khamsah (Page No. 7 to 9)

Learning Outcome-

Students will be able to read and write some new words from the chapter.

May

Do chashmi hey

Learning Outcome-

Students will be able to make words with the help of do chashmi hey.

Chapter 6

Khargosh ke chaar Matlabi Dost (Page No. 15 to 17)

Learning Outcome-

Students will be able to increase their reading skills with the help of this chapter.

Fruits and Flowers name

Learning Outcome-

Students will be able to read and write the names of fruits and flowers in Urdu.

July

Revision

Khushkhati (Page No. 2 to 12)

Term 2

July

Birds and Vegetables name

Learning Outcome-

Students will be able to read and write the names of birds and vegetables in Urdu.

August

Chapter 7

Chalaak Kawwa (Page No. 18 to 20)

Learning Outcome-

Students will be able to increase their reading skills with the help of this chapter.

Chapter 8

Khatte Angoor (Page No. 21 to 23)

Learning Outcome-

Students will be able to learn and write some new words from the chapter.

September

Chapter 9

Garmi Aayi (Page No. 24 to 26)

Learning Outcome-

Students will be able to know more about the summer season.

Chapter 10

Eid Manayen (Page No. 27, 28)

Learning Outcome-

Students will be able to get some more knowledge about the festival Eid.

Alif to badi ye

From 1st Term

Learning Outcome-

Students will be able to read and write the Urdu alphabets.

1 to 100 numbers

From 1st Term

Learning Outcome-

Students will be able to write the Numbers in Urdu.

Zabar, Zer, Paish, Mad, Tashdeed From 1st Term

Learning Outcome-

Students will be able to understand the use of these airabs.

Hamzah and Noonghunna From 1st Term

Learning Outcome-

Students will be able to understand the use of hamzah and noonghunna.

Do chashmi hey

From 1st Term

Learning Outcome-

Students will be able to make words with the help of do chashmi hey.

October

Revision

Khushkhati (Page No. 13 to 21)

Term 3

November

Animals and colours name

Learning Outcome-

Students will be able to read and write the names of animals and colours in Urdu.

Chapter 11

Sher aur chuhe ki kahani (Page No. 29 to 31)

Learning Outcome-

Students will be able to read and write some new words from the chapter.

December

Chapter 12 Kachhua aur Khargosh (Page No. 32 to 34)

Learning Outcome-

Students will be able to learn and write some new words from the chapter.

Alif to badi ye From 1st Term

Learning Outcome-

Students will be able to read and write the Urdu alphabets.

1 to 100 numbers From 1st Term

Learning Outcome-

Students will be able to write the Numbers in Urdu.

Zabar, Zer, Paish, Mad, Tashdeed From 1st Term

Learning Outcome-

Students will be able to understand the use of these airabs.

Hamzah and Noonghunna From 1st Term

Learning Outcome-

Students will be able to understand the use of hamzah and noonghunna.

Do chashmi hey From 1st Term

Learning Outcome-

Students will be able to make words with the help of do chashmi hey.

January **Revision**

February **Revision**

Khushkhati (Page No. 22 to 32)

MORAL SCIENCE

Term 1

March

Chapter 1 Nurture the Nature

Learning Outcome-

Children will learn about environmental sensitivity.

Chapter 2 Natural Calamities

Learning Outcome-

Children will learn about natural calamities.

April

Chapter 3 Disaster Management

Learning Outcome-

Children will learn to be aware.

Chapter 4 Social Media Today

Learning Outcome-

Children will learn to use digital tool.

May

Chapter 5 Are You Responsible?

Learning Outcome-

Children will learn about sense of responsibility.

July **Revision**

Term 2

July

Chapter 6 Digital Wellness – e – health

Learning Outcome-

Children will learn about their health.

August

Chapter 6 (continue) Digital Wellness – e – health

Chapter 7 Become a confident Speaker
Learning Outcome-
 Children will learn to be confident and personality development.

September
Chapter 8 Professions of the future
Learning Outcome-
 Children will learn to select right profession.

Chapter 9 Banking Terms
Learning Outcome-
 Children will learn about financial awareness.

October **Revision**

Term 3
November
Chapter 10 Good Team Member

Learning Outcome-
 Children will learn about team spirit.

Chapter 11 The Power of Positive Thinking
Learning Outcome-
 Children will learn about positive thinking.

December
Chapter 12 Respect
Learning Outcome-
 Children will learn to respect others.

Chapter 13 Stress Management
Learning Outcome-
 Children will learn to cope up with stress.

January **Revision**

February **Revision**

FINANCIAL LITERACY

Term 1

March

Topic 1 Insurance

Learning Outcome-

After studying this chapter you should be able to understand:

Insurance: Meaning and need

April

Topic 1 Insurance

Learning Outcome-

After studying this chapter you should be able to understand:

Insurance: important terminologies, regulators and types of insurance

May

Topic 2 Types of Bank

Learning Outcome-

After studying this chapter you should be able to understand:

Types of Banks: Classification on the basis of functions, ownership and domicile, payment banks, small finance banks

July

Topic 3 Cheques

Learning Outcome-

After studying this chapter you should be able to understand:

Cheques: Meaning and benefits, information on cheques, Magnetic Ink Character Recognition (MICR), Indian Financial System Code (IFSC)

Term 2

July

Topic 4 Tax

Learning Outcome-

After studying this chapter you should be able to understand:

Tax: Meaning, purpose and types of taxes (direct and indirect)

August

Topic 4 Tax

Learning Outcome-

After studying this chapter you should be able to understand:

Tax: Meaning, purpose and types of taxes (direct and indirect)

September

Topic 5 Demand Draft and Payment Order

Learning Outcome-

After studying this chapter you should be able to understand:

Demand Draft, Payment Order: Meaning, merits and information required for making a demand draft, payment order/banker's cheque

October

Topic 5 Demand Draft and Payment Order

Learning Outcome-

After studying this chapter you should be able to understand:

Demand Draft, Payment Order: difference between a cheque, demand draft, payment order

Term 3

November

Topic 6 Banking

Learning Outcome-

After studying this chapter you should be able to understand:

Banking: Role of banks as 'middlemen', opening and operating a bank account, services provided (deposit and withdrawal)

December

Topic 6 Banking

Learning Outcome-

After studying this chapter you should be able to understand:

Banking: general features of children's bank account (minor account), documents required

January Revision

February Revision

ART & CRAFT

Term 1

March

Pencil Shading Page No. 6

Learning Outcome-

Children will learn how to give shading effects.

Portrait Page No. 10

Learning Outcome-

Children will learn the use of Oil pastels.

April

Bird Study Page No. 12

Learning Outcome-

Children will learn how to draw birds in a easy way.

Craft

Paper Collage Page No. 30

Learning Outcome-

Children will discover and develop different way to be creative and expressive.

May

Floral Art Page No. 15

Learning Outcome-

Children will learn the use of nib pen ink colours in floral art.

Decorative Art Page No. 19

Learning Outcome-

Children will learn to create decorative patterns using sketch pens.

July

Revision

Term 2

July

Designing Patterns Page No. 26

Learning Outcome-

Children will learn to create different design patterns.

August

Designing Patterns Page No. 26

Learning Outcome-

Children will learn to create different design patterns.

Dancing Figures Page No. 27

Learning Outcome-

Children will learn to draw dancing figures with different techniques.

Landscape Page No. 28

Learning Outcome-

Children will learn to draw landscape using water colours.

Festival – Holi Page No. 35

Learning Outcome-

Children will learn to draw festival of spring and colours.

September

Mix Media Art – Scenery Page No. 20

Learning Outcome-

Mix Media Art will enhance the artistic skills of the child.

Imagination Page No. 38

Learning Outcome-

This will enhance imagination power of the child and will help the child to imagine and draw.

Craft

Photo Frame Page No. 53

Learning Outcome-

Children will learn how to make a creative and decorative photo frame using rice.

October

Pencil Shading – Portrait Page No. 7

Learning Outcome-

Children will learn how to draw and shading effects.

Revision

Term 3

November

Negative – Positive Effects Page No. 42

Learning Outcome-

Children will learn how to give negative – positive effect.

December

3D Art Page No. 48

Learning Outcome-

Children will learn how to make 3 dimensional art using black felt pen.

Story Board

Page No. 54

Learning Outcome-

They will learn how to create a picture story.

January

Revision

February

Revision

HEALTH AND PHYSICAL EDUCATION

Term 1

March

Chapter 1

Mental Health

Learning Outcome-

The students will get enabled to understand the meaning, traits and importance of mental health.

Chapter 2

Growth and Development

Learning Outcome-

The students will get enabled to differentiate the growth and development in their daily life in the phase of adolescence.

April

Chapter 3

Emotional Development

Learning Outcome-

The students will get enabled to understand the emotional changes and their effects on adolescents.

Chapter 4

Target / Goal Setting & Identifying Strategies to Achieve It

Learning Outcome-

The students will get enabled to set their goal in their life at different stages and to follow the strategies helpful in it.

May

Chapter 5

Sports Skills for Recreation and Competition

Learning Outcome-

The students will get enabled to develop the sports skills to recreate themselves and to prepare themselves for competition.

July

Chapter 6

Agility

Learning Outcome-

The students will get enabled to maintain the agility component of fitness in them.

Term 2

July

Chapter 7

Yoga

Learning Outcome-

The students will get enabled to know and perform different types of Asanas in their daily life.

August

Chapter 7

Yoga
