Smart Class for Smarter School ! Teacher's Training Programme March 29, 2022 and June 28, 2022

Extra Marks smartclass is the benchmark for digital classrooms. With this 3D learning, the students can almost feel being a part of the subject itself. Our education system is being revolutionized by the internet, online social collaboration and increasing availability of smart and mobile devices.

Regency never lags behind in providing such wonderful and interesting facilities to

its faculty members. So two separate trainings were organized for the teachers, where representatives from Extra Marks came and taught the importance and usage of Extra Marks Smart classes and how to make the Regents user friendly in these smart classes. The training was excellent and all the faculty members were overwhelmed to receive such training.

Your Mountain is Waiting Kiddos, So..... get on your way !! "Graduation Day: July 9, 2022"

"Graduation is a time to celebrate new beginnings and say goodbye to everything that has given you a reason to smile. It is warm memories of the past and big dreams for the future." It is the time when the little ones of UKG graduate to Class I.

To celebrate the progression and development of students of pre primary, Regency Public School, hosted Graduation Day and

applauded the young enthusiastic learners for their commendable performance. The Chief Guest was Mrs. Tamanna Raza, an educationist and social worker. The Guest of Honour was Mrs. Preeti Mehrotra, a social worker and an active member of inner club of Sitapur. Along with other programmes the tiny tots were given graduate certificates.
