

REGENCY TIMES (KIDS ZONE)

EVERYDAY I LEARN THROUGH PLAY!!

Children love knowing that they are appreciated by the people around them. Praise them and let them know that they are a blessing to this world. Each one is unique and they will leave their own mark in this world. Similarly our kangaroo kids playgroup also fosters unstructured learning through play which is essential for the development of children helping them to explore and understand their world. So here comes our chirpy Playgroup, Nursery, L.K.G. and U.K.G. kiddos with their vivacious daily activities.
