

# WELCOME CHILDREN

Welcome to a world of toil and tear  
So that you can face the world  
of tomorrow without fear.

Children rejoined school after term end on March 15, 2018. Teachers who had eagerly awaited their arrival, welcomed them happily. They had decorated their classrooms and their display boards to usher in the new academic year. The display boards were painstakingly done to depict a topic of the branch of their learning; and this would enhance their learning process. Needless to say the children loved the effort and felt the love and concern of their teachers for them.
