

Regency Goes International

Launch of Cambridge Early Year Centre

Regency held the formal inauguration of its Cambridge Early Years. Mr. Mohit Vats of Cambridge International Education spoke at length on the goodness of Cambridge Early Years. Dr. Amrita Dass, Founder Chairman of ICS, Lucknow spoke too and hailed the programme and Regency's decision to go for Cambridge studies. The programme was attended by the parents and children of the Kindergarten were present too. Dr. Dass summoned the children to the proscenium and swung and swayed with them to set the spirit moving.. It was a good start to a noble cause.

Faculty Enrichment Programme

Cambridge International Education, May 1, 2024

Following this programme was the teachers enrichment programme conducted by the Academic Advisor, Cambridge International Education, Cambridge Early Years, Dr. Akash Raut. He took a vigorous and interesting session, a workshop for 52 teachers on Cambridge learning for a whopping four hours. It was truly an enrichment programme and the teachers benefitted much from it. Dr. Akash shall visit once again but the next he visits, it will not be a workshop but visits to classrooms to observe if Cambridge Curriculum was being followed rightly.
