KANGAROO KIDS**  
PLAYGROUP / NURSERY / LKG / UKG

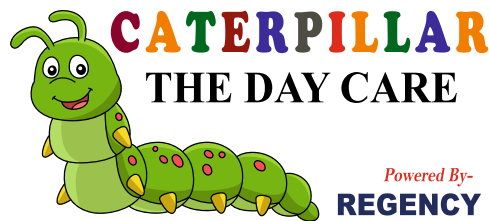

# VITALITY AND LIFE AT - (VLN) VIVE LA NOUVELLE

What about VLN, Vive La Nouvelle. They had their active time too. Day in and day out they performed and this is what they did. Well the enjoyable activities but with a difference, every centre is unique though every centre is Regency!

The activities for the little ones make them combine sunshine, water, rest air, exercise and diet. In a healthy ambience with healthy factors and elements children thrive and learn and grow. So the picture collage will hold before you a reflection of what healthy life is, what good learning is and what is the healthy atmosphere wherein little kids grow, learn and thrive!
